Dear Brother and Sisters,

Subsequent to the outcome of the ratification votes with respect to the **Provincial Collective Agreement between Ironworkers the Rodmen Employer Bargaining Agency**, information has come to the attention of the Bargaining Committee that was not available at the time of the presentation of the Memorandum of Agreement being voted on. This information is material and may very well influence the decision that our members were being asked to make. The Ironworkers do not want any inadvertent misinformation to undermine the integrity of the ratification process.

The ballot boxes from that vote have never been opened and the votes were not counted. In order to avoid any issue and ensure that our members are provided an opportunity to make an informed choice with the full information, the earlier votes have been vacated and the ballots will be destroyed.

Instead, there will be a **new ratification vote** conducted and prior to that vote the **Memorandum of Agreement** and the new information that has come to light will be explained and discussed at the meeting being held on **May 28th, 2019 at 6:00 PM** at the **Local 721 union hall located at 909 Kipling Ave.** **A ratification vote will then occur at that 2019 meeting.**

We apologize for any inconvenience but wish to ensure that our members are provided the full information so that we can all make a reasoned and informed decision concerning the Collective Agreement.

Fraternally yours,

Fred MacPherson per lp
