

POP – UP VACCINATION CLINIC STARTING MAY 19th

EllisDon, Modern, Flynn and the COBT have partnered to hold a vaccination clinic for all construction workers and their spouses and family members aged 16 and up residing in the same household. This clinic will be offered on a first-come, first-served basis. The quantity of vaccinations which have been procured is limited so please encourage your members to book as soon as they can to avoid disappointment.

Location: The clinic will operate at EllisDon's Mississauga headquarters located at 1004 Middlegate Rd., #1000, Mississauga, ON on the main floor galleria of the office. The clinic will run from 10am – 8pm on weekdays and from 9am – 5pm on weekends and holidays.

We are encouraging all affiliates to do a phone and/or e-mail blast as we need to get the word out ASAP. Attached you will find two posters promoting the clinic; one has a registration code and one does not. For social media, please use the poster without the code as we do want to create awareness for the clinic but we want to ensure our members and their families are the ones able to take advantage of this, not random individuals and, especially, making it difficult for anti-vaxxers to find this code and book appointments with no intention of showing up.

In the event of unused vaccines or cancellations, we have a **Will Call List** so no vaccines go to waste. To qualify you must be able to get to the EllisDon office in 30 minutes.

To sign up for the Will Call List, click here: <https://forms.gle/YAKhuya7R5Bqkiac8>

EllisDon has also created an e-mail helpdesk for anyone with questions: edvaccineclinic@ellisdon.com

COVID – 19 has really impacted us all and we appreciate EllisDon taking the lead on this, especially Steve Chaplin and his team for all of the work that they have done to make this happen and to help protect our industry and their families.

Sincerely,

James St. John
Business Manager / Financial Secretary
