

COVID-19 Update #12

Re: Union Dues

As a result of the hardships that our members and their families are enduring at this time, our Business Manager, Fred MacPherson, presented a proposal to the Executive Committee that 3 months dues be paid for the entire membership by the Local Union from the General Funds. We are proud to say that the Executive Board unanimously approved this motion.

Further, during this time, we will not be processing any suspensions. This will take some time for the office staff to implement. Thank you for your patience in this matter. Stay safe. Stay healthy.

Fraternally Yours,

Luiz Barros
President
